Are you a person who often finds yourself listening to the concerns of others who choose to confide in you? Are you a person interested in spirituality, prayer, and learning more about God's ways in your life and in the lives of others? If your answer is yes, it may be that God is calling you to explore the ministry of being a spiritual director and to prepare yourself to accompany others on their spiritual journey.

The Institute for Spiritual Direction at St. Francis Retreat Center is taking applications for an 18 month internship in Spiritual Direction beginning in September, 2019. The program is open to interested women and men, clergy, deacons, religious and laity. Individuals with full-time commitments may participate.
